Cardinal Bernardin Cancer Center

Faculty
Kathy Albain, MD
Professor
Medicine, Division of Hematology/Oncology

Pauline Camacho, MD
Professor
Endocrinology and Metabolism

Cheryl Czerlanis, MD
Associate Professor
Medicine, Division of Hematology/Oncology

Ahmer V. Farooq, DO
Associate Professor
Urology

Alex Gorbonos, MD, FACS
Associate Professor
Urology

Gopal Gupta, MD, FACS
Assistant Professor
Urology

Patrick Hagen, MD
Assistant Professor
Medicine, Division of Hematology/Oncology

Margaret Liotta, DO
Assistant Professor
Obstetrics and Gynecology

Hanh Mai, DO
Assistant Professor
Medicine, Division of Hematology/Oncology

Julia Poccia, MD
Assistant Professor
Radiology

Vikram C. Prabhu, MD, FACS
Professor
Neurological Surgery

Patrick J. Stiff, MD
Coleman Professor Oncology
Director, Cardinal Bernardin Cancer Center
Director, Division of Hematology/Oncology

Faculty Disclosure
Loyola University Chicago Stritch School of Medicine ensures balance, independence, objectivity and scientific rigor in all educational activities for which CME credit is awarded. Complete disclosure information will be provided to the audience in the printed activity materials.
Discuss the different applications for new technologies, diagnostic techniques, and therapies for oncology.

Describe when medical problems suggest an evaluation for cancer.

Upon completion of this activity, the participants should be able to:

- patient care, medical knowledge and practice-based learning.
- target audience
  - This educational activity is intended for primary care and family practice physicians and other healthcare professionals who treat patients with cancer, or have a special interest in recent advances in diagnosis and care.

9:55 Annual Mammograms: Necessary or Not? Hanh Mai, DO, Julia Poccia, MD, and Patrick J. Stiff, MD

10:35 BREAK

10:50 Evaluation of Incidental Thrombocytopenia Patrick Hagen, MD

11:20 Postmenopausal Hormone Therapy Kathy Albain, MD, Pauline Camacho, MD, and Margaret Liotta, DO

12:00 Wrap-Up and Evaluation Patrick J. Stiff, MD

12:15 LUNCH

agenda
Saturday, April 28, 2018

7:00 am Registration and Continental Breakfast

8:00 Welcome and Introduction Patrick J. Stiff, MD - Moderator

8:15 Update on Lung Cancer Screening Cheryl Czeranis, MD

8:45 Headaches and Seizures: When do we worry about a brain tumor? Vikram C. Prabhu, MD

9:15 Screening PSA's: Do they improve survival? Alex Gorbonos, MD, Ahmer V. Farooq, DO, and Gopal Gupta, MD

10:50 Approaches to Hematology/Oncology Care & Screening for Prim ary Care Physicians

Saturday, April 28, 2018

Pre-registration is required for the course and your response is requested no later than Friday, April 20th to secure your reservation and availability of course material for this conference.

Registration fee includes program material, continental breakfast, and lunch.

There is a $25 Registration fee for this course
(See waiver for Loyola, Gottlieb, and St. Joseph-Mishawaka staff)

Registration fee is non-refundable.

Mail completed registration form with payment to:

Loyola University Chicago
Continuing Medical Education
2160 S. First Ave., Bldg. 120, Room 400
Maywood, IL 60153

To pay online with credit card visit our CME website at:
http://ssom.luc.edu/cme/events/upcomingevents/

Or fax with complete credit card information to (708) 216-5845

program
Treatments for patients with cancer and hematologic disorders continue to evolve and provide new and exciting management strategies for these diseases. For the primary care physician, taking advantage of opportunities for early detection and intervention for their patients with increased risk of cancer is crucial.

Symposium Chair, Patrick J. Stiff, MD, Director of the Cardinal Bernardin Cancer Center, has assembled Loyola University Health System faculty with expertise in a variety of topics that are very relevant to the practice of primary care and family medicine.

curricular goals and objectives
Participants will be provided information regarding the most recent developments to guide screening and referral decisions for cancer patients.

Upon completion of this activity, the participants should be able to:

- Describe when medical problems suggest an evaluation for cancer.
- Identify the screening approaches for major cancers.
- Discuss the different applications for new technologies, diagnostic techniques, and therapies for oncology.

competencies
This educational event will address the following competencies: patient care, medical knowledge and practice-based learning.

target audience
This educational activity is intended for primary care and family practice physicians and other healthcare professionals who treat patients with cancer, or have a special interest in recent advances in diagnosis and care.

accreditation
The Loyola University Chicago Stritch School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Loyola University Chicago Stritch School of Medicine designates this live activity for a maximum of 4.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses and other health professionals will receive a Certificate of Attendance. For information on applicability and acceptance, please consult your professional licensing board.

Loyola University of Chicago is an Equal Opportunity Educator and Employer.

conference location
Loyola University Chicago
Stritch School of Medicine, John & Herta Cuneo Center
2160 S. First Avenue, Maywood, IL 60153

special needs
We welcome all registrants to this activity. If you need special accommodations in order to participate, we will try to provide for your needs. Please submit a written request one month prior to the course to receive services.

travel directions
Please visit our website at http://ssom.luc.edu/cme and click on “Upcoming Events”. For additional information, contact the Division of CME during business hours. Phone (708) 216-3236 or (800) 424-4850 or by Fax: (708) 216-5845.
