Economic burden of medical students to interview for residency

Principal Investigator: Adam Schiff, MD
Co-investigators/collaborators: Tomas Liskutin (medical student), Harold A. Fogel, MD (resident), Elissa S. Finkler (resident), Karen Wu, MD, Lukas Nystrom, MD

In this study, we examined the cost of applications and interviews to all specialties and found that certain fields had an increased cost.

Presentation
American Orthopaedic Association and Council of Orthopaedic Residency Directors (CORD) meeting, June 2017.
