

SSOM Faculty Opportunity

Central Curricular Authority (CCA)

The CCA seeks a biomedical and translational science faculty member interested in serving as a voting member of the CCA.

The CCA is a standing committee of the faculty which oversees all matters relevant to the educational curriculum of the Stritch School of Medicine, including its overall design, integration, evaluation and outcomes. CCA members will participate on subcommittees, subgroups and/or task forces as needed, including for the Liaison Committee for Medical Education (LCME) accreditation process.

CCA members are expected to regularly attend scheduled meetings on the second Monday of each month, 10am-12pm in the SSOM or video conference, and contribute to discussions and deliberations.

Further information regarding the CCA and its subcommittees can be found at <https://ssom.luc.edu/cca/>

Interested faculty are requested to submit a copy of their *Curriculum Vitae* and a statement of interest expressing their potential contributions to the committee to the CCA Chair, Theresa Kristopaitis, MD (tkristo@lumc.edu) by February 11, 2022.
